

ARCHOS 5

The daily companion

ARCHOS, award-winning for its constant technology innovation and leadership in portable media players now introduces a new concept: the **Internet Media Tablet**.

The **ARCHOS 5** is the flagship product of this new line bringing the customer a new way to enjoy Internet, Media and TV... in a handheld device.

It redefines the high-end portable device with its ultra-thin design and a black stainless steel body, a high resolution 5" touch screen¹, combined with the horsepower of a laptop from the world's first implementation of the ARM[®] Cortex[™] superscalar microprocessor.

The ARCHOS 5...in a few words:

Uncompromised Web surfing in the palm of your hand

- View full Web pages displayed just like on your PC
- Enjoy a Web surfing as fast as a laptop
- Send and receive emails with the full email application

Your entire digital library in a thin handheld tablet

- Access easily to online content with the Media Club
- Playback HD quality video with the HiDef plug-in
- Store your entire personal media library: up to 250GB* hard drive capacity

Best TV experience at home² or on the go

- Playback all your content on TV
- Record TV with included TV program guide³
- Make the world your living room by surfing the Web on your TV

Entertainment *your* way ARCHOS

The ARCHOS 5 Internet Media Tablet provides instant mobile access to Internet, Media and TV.

Uncompromised Web surfing in the palm of your hand

Full Web surfing

With an 800 pixels wide resolution and a 5" screen¹, you can browse the Web in full width just like on your PC. No need to zoom in and out, web pages are fully displayed on the ARCHOS screen. Plus, with Adobe Flash™ 9 video support, you can natively browse video-sharing websites such as Dailymotion™ or Youtube™.

High-speed browsing

The new processing power gives the ARCHOS' Internet Media Tablets an unrivalled way to surf the Web on the go, just like you were doing it with your laptop. No more endless waiting for the page to be loaded, just grab your ARCHOS 5 and check the latest news right away. Your PC wouldn't have finished booting up by the time you've put the ARCHOS back in your pocket.

Full email application

Once connected to a WiFi or 3.5G⁴ network, the included email software allows you to check your emails from your email accounts (compatible with POP3/IMAP) whenever you want. See the number of awaiting emails right on the ARCHOS 5 home screen, answer back, or share attachments with anyone (only compatible formats). The ARCHOS email application is the feature that lets you stay in touch while on the go.

Widgets application

Download hundreds of useful and fun widget applications and then put your favorite ones on the ARCHOS home screen. In a nutshell, you can now check the weather before leaving for work or see the latest sports results without having to start a new application.

Web TV and Web Radio

In less than 3 clicks, you can access nearly 1,000 Web TV channels, over 10,000 Web radio stations and 100,000 podcasts. There's no downloading wait time. Radio and TV start streaming right away from a worldwide list of traditional and independent radio and TV stations.

Your entire digital library in a thin handheld tablet

Media Club

The Media Club remains the easiest way to get video and music content on the go. With an even richer library with new partners and the biggest industry players, discover a large library of movies, documentaries, music albums and games. Buy or rent your entertainment in a couple of clicks and start watching it on your ARCHOS 5.

Videos

The ARCHOS 5 provides the best multimedia experience on the go. The high resolution screen gives the finest image available on a portable device, and the 5" screen¹ held in your hands gives the same viewing comfort as a 32" TV screen in a living room. Your videos on the go never looked so brilliant.

Entertainment *your way* ARCHOS

Photos

Browse through your photos with a simple flick of your finger or play a slideshow of your last vacation. The high resolution screen perfectly reproduces each picture in such detail that individual pixel can't even be seen.

Music

Let your entire CD collection comfortably reside inside your ARCHOS. There's plenty of room. Rediscover the songs left aside for months, or show your friends your last discoveries. The unique ARCHOS music browsing system allows you to create your playlists without using a PC, and the displayed album covers will add a touch of image to your music.

Flash™ Games

Don't get bored on your commute. For a little fun before getting to work or whenever you have a little time to kill, just grab your ARCHOS and enjoy some poker, Sudoku, or a round of golf. Premium games can be purchased directly from the tablet or at www.archos.com, or find other Flash™ based games downloadable for free on the Web.

Content streaming from your PC

When you are at home and want to watch a movie or listen to music stored on your PC, just browse its hard drive wirelessly and play any file stored on it without transferring the file. Just stream it via your WiFi network and play it immediately on your ARCHOS.

Best TV experience at home² or on the go

TV recording

With the optional DVR Station, you have the perfect match for your ARCHOS 5 at home and on the go. Schedule and record TV shows and movies in one step using with the included remote control. Just locate the TV show on the program guide grid and you'll have a recording to enjoy at home on your wide-screen TV or in the palm of your hand.

Content playback and Web surfing on TV²

Turn your TV into a real multimedia platform connected to the Web. Enjoy all the ARCHOS' functions on the big screen of your living room. Watch your movies in HD⁵, listen to your music, share your high resolution pictures, play games or surf the Web.

When technology meets design

The finest screen on a portable device

The ARCHOS 5 screen provides the best comfort of viewing in the industry. Its wide and clear screen will incite people around you to look over your shoulder to catch a glimpse of your movie.

Control at your fingertips

Discover the pleasure of accessing all your ARCHOS functions without having to press a single button. The touch screen technology ensures the most instinctive and direct way to access your movies, view your pictures, listen to your music or browse the Web.

Unequaled storage capacity on a mobile device

Building such a thin tablet with a storage capacity starting at 60GB* and going up to 250GB* is a real technological feat. You'll no longer need to think about which movies

Entertainment *your way* ARCHOS

you'll take with you. Just take them all! Up to 300 movies⁶ can be stored on the ARCHOS 5.

User-friendly interface

The new graphical interface has been especially designed for total finger touch control. Reach the main functions within only a tap, return at any moment to the home screen and use the search function to access your files right away.

Customizable home screen

This new feature will delight anyone who wants to get straight to the point. Add shortcuts to your favorite files and display them directly on the ARCHOS home screen. The access to them is now simple and instant. Additionally, you can now bring your home screen to life with the new animated wallpapers.

PLUG-INS

Add even more capabilities to your ARCHOS 5

FREE

(upon registration)

Web browser

Open up your ARCHOS device to the full power of the Internet with a full-fledged Internet browser. Surf the Web via the Opera[®] web browser with Adobe Flash[™] 9 video support.

Web TV & Radio

Receive over the Internet nearly 1,000 Web TV channels and over 10,000 Web radio stations. Select your stations by popularity, genre, country, etc. from the ARCHOS video and audio browsers.

TV Program Guide³

Easily schedule your recordings with the TV Program guide embedded in the tablet. A couple of clicks are enough to check the scheduler, get instant information about the program selected and schedule the recording.

FOR PURCHASE

(via the Media Club icon on your device or in the store section on www.archos.com).

HiDef Video (720p WMV and MPEG-4)

To play HD movies up to 720p resolution @24 f/s MPEG4 and WMV formats.

Cinema: DVD, MPEG2 video, AC3 audio

Play movies in MPEG-2/VOB format with AC3 sound (5.1-surround sound via the SPDIF output on the optional DVR Station). Copy/paste your DVD movies from your computer to your ARCHOS. Supports multiple language tracks.

Video Podcast: H.264, AAC Audio

Play video podcasts in H.264 MPEG4 format and AAC audio files.

ADD-ONS

Add even more features to your ARCHOS 5

DVR Station

Record TV, play video back to your TV and charge your ARCHOS. With the included TV Program Guide³, scheduling and recording from your satellite receiver, cable box, Digital TV adapter has never been so easy. You can also surf the Web or stream web video to your TV while comfortably laid back on your couch using the included remote control as a keyboard and mouse pointer.

DVR Snap-on

Record from most any audio or video analog source on the move with this small device no bigger than a pack of gum.

Mini Dock

Transfer your files directly from USB keys, digital cameras, or other portable media players. Quickly charge your ARCHOS with the included charger/adaptor. Play video out to your TV with video output in high quality S-Video or standard quality composite.

Battery Dock

Benefit from all the great features of the Mini Dock and get extended playback with the built-in backup battery.

Helmet Cam

Turn your ARCHOS into a hands-free digital camcorder perfect for sports and family fun.

FM Remote

Built-in FM receiver and microphone to listen to radio anywhere or make voice recordings.

Protective Cases

Protect your ARCHOS and show your style with one of the many protective cases.

TV Snap-on

Watch live digital TV right on your ARCHOS and record you favorite programs.

GPS Car Holder

Turn your ARCHOS 5 into a high end GPS.
